Chapter 1 Title Here

This is the area where you will add your ebook text. To do this, simply delete this filler text and add your own. The margins have already been set for you, so you don't have to worry about any text overlapping the far right vertical line that runs the length of the ebook.

The template as you see it here has been specifically designed with “printing” in mind. So the colors are few and shouldn't use up much printer ink. Also, there are no tables within this ebook template design so that editing is very simple.

Unlike other designs in this EZ Ebook Template collection, you do not have to create any “carriage returns” because of graphic intense header images. All you need to do is insert your ebook text content and away you go!

You may have to fiddle around with other settings, such as font size, style, color, etc., and of course making any of the “Your Ebook Title Here” adjustments, but that is easy. Simply highlight the text you want to change and change it. Done!

As this text is rather small, Arial – 11px, you may want to enlarge it for easier reading. There is also a 1.5 Line Space setting on to make the text more readable. You can change this by highlighting this example text and then right clicking. From the menu that will appear, select “Line Spacing” and adjust the settings.

That's all there is to editing this super easy ebook template.

I hope you get lots of use out of it!

Chapter 2 Title Here
