## **Congratulations! Your Rights Text Here**

It is extremely important for your readers to know exactly what their rights are regarding your product. So, to do this, utilize this area explaining whether your product is for Personal Use Only, comes with Basic Resell Rights, Master Resell Rights, or Private Label Rights.

By putting this information right up front, your customers/readers will always know what can and cannot be done with your product.

You may have to make further adjustments to the dashed lines surrounding this separate table. To do it, simply left click, hold down the mouse button, and drag each dashed line where you want it to be placed.

Ebook Templates dot Net

# chapter 1 title here

To use this ebook template, simply remove the text and replace it with your own unique ebook content. You may need to reformat different areas to get the same look if you change things such as the font, the font size, the table column layout, etc.

Once you get the hang of using an OpenOffice Writer ebook template, the task of formatting will be much smoother. It will take a bit of time to get use to the different layout designs, and some will be easier to make changes to than others, but, you can do it!

If you already know your way around OOo Writer, then editing this simple .ODT file will be a breeze.

If you don't, then simply take a bit of time and get to know your way around the program. And feel free to play around with the ebook template too. Experience is really the only teacher, so you will have to make time to learn how to use OOo Writer to make effective changes to these templates.

This is simply a paragraph full of filler text. It doesn't explain anything. So, feel free to remove it and add your own content. In fact, remove all the text and add your own ebook content.

This is simply another paragraph full of filler text. It doesn't explain anything. So, feel free to remove it and add your own content. In fact, remove all the text and add your own ebook content.

## chapter 2 title here
